ANKIT YADAV

Full Stack Developer (React | Node | MongoDB | Express)

Mumbai - 400015, India| +91 9137580969 | ankit.y.2302@gmail.com| |GitHub- ankityadav456 | Linkedin- ankit-yadav-y2302

PROFESSIONAL SUMMARY

Web Developer with 2 years of experience in JavaScript, HTML5, CSS3, and Bootstrap, and 1 year of full-stack development using MongoDB, Express.js, React.js, and Node.js through independently developed projects.

PROFESSIONAL EXPERIENCE

Scan Infotech Private Limited   **September 2023 – September 2024**
Frontend Developer (2 year Experience)

- Developed **responsive web applications** using **HTML5, CSS3, JavaScript**, and **Bootstrap**, improving user engagement.
- Integrated **RESTful APIs** and managed state with **Ajax**, and **localStorage**.Integrated RESTful APIs and managed state using technologies like Ajax, and localStorage.
- Optimized application performance using **Google Lighthouse** and **Webpack**, reducing load times and improving speed.
- Conducted testing and debugging with **Chrome DevTools**, ensuring high-quality, bug-free production releases.
- Wrote clean, maintainable code, following best practices and contributing to **code reviews**.
- Participated in code reviews, collaborating with the team to ensure high-quality deliverables.
- Collaborated with **backend developers** for seamless system integration and project delivery.
- Gained foundational knowledge of **.NET** and **C#**, assisting in basic backend development tasks.
- **Key Technologies**: **JavaScript**, **HTML5**, **CSS3**, **Bootstrap**, **Metronic**, **Git**, **RESTful APIs**, **Ajax**, **localStorage**, **Google Lighthouse**, **Webpack**, **Chrome DevTools**, **.NET**, **C#**.

PERSONAL PROJECT

Yumigo Food Ordering App (Full-Stack) **Link - mern-food-ordering**
Technologies: ReactJS, Node.js, Express, MongoDB, Tailwind CSS, RESTful APIs,Git

- **Project Overview**: Developed a **full-stack food ordering application** with **user authentication**, **real-time order tracking**, **payment gateway integration**, and **ratings and reviews**. The app allows users to browse menus, add items to the cart, and securely complete transactions.
- **Key Features:**
- **User Authentication**: Implemented **JWT-based authentication** for secure login and user management.
- **Dynamic Menu & Cart**: Integrated **RESTful APIs** to fetch food items and manage cart functionality, including adding, updating, and removing items.
- **Order Tracking**: Developed a **real-time order tracking** feature, allowing users to track the status of their orders.
- updating, and removing items.
- **Payment Gateway Integration**: Integrated **Stripe API** for secure online payments, enabling users to pay for orders within the app(work on it).
- **User Dashboard**: Created a personalized **user dashboard** for managing orders, tracking order history, and updating account settings
- **Data Persistence**: Utilized **MongoDB** to persist user data, order information, and food items across sessions, ensuring a seamless experience.

Personal Portfolio Website Live - MyPortfolio
- Designed and developed a **responsive personal portfolio** to showcase projects, skills, and experience.
- Implemented **dark/light mode toggle**, smooth scrolling, and animated sections for enhanced user experience.
- Utilized **React** and **JavaScript** to build dynamic components and an interactive user interface.
- Styled the application with Tailwind CSS, ensuring a modern and cohesive visual design across all devices.
- Highlighted professional experience, skills, and projects with seamless navigation and optimized performance.
- **Technologies used**: React, JavaScript, HTML, Tailwind CSS

Other Projects : Employee Management System (MERN), Spotify Clone – available on **GitHub.**

TECHNICAL SKILLS

- **Frontend:** ReactJS, JavaScript, HTML, CSS, Tailwind, Bootstrap, Metronic
- **Backend:** Node.js, Express.js, MongoDB, RESTful APIs
- **Tools:** Git, GitHub, Postman, VS Code, EmailJS
- Others: JWT Auth, Stripe Integration, Responsive Design
- **Basic Knowledge:** C#, ASP.NET MVC, Razor Views, SQL Server

EDUCATION

B.Sc. in Computer Science – S.I.W.S College, Mumbai   **July 2020 - May 2023**
Bachelor of Science in Computer Science with *Distinction*   **(CGPI – 8.14/10)**
Relevant coursework: Artificial intelligence, Machine Learning, Database Management System, Deep Learning, Blockchain,etc.
